

ESDEC - CPX API UPDATES Q4 2023

Here is the fourth 2023 newsletter for all our Esdec and CPX calculator-API partners. Four times a year we inform you about the most recent updates regarding the Esdec and CPX calculator, about new components of our mounting systems or about new application possibilities.

- Previous updates can be found [here](#).
- Did you miss the new about CPX? Read it [here](#).

Q4 2023 API UPDATES

As mentioned in Q2's newsletter, the additional snow load variables are added for Portugal, Spain, Belgium and France and were ready to implement as of the May 12. If you are doing calculations with these annexes, and you have not added the additional snow load variables yet, please add these variables as soon as possible. **You will no longer be able to calculate without these variables after the 1st of November 2023. We will return an error.**

ADDITIONS

ClickFit EVO for slate roofs is added to the calculator (Esdec)

LOOKING AHEAD

- Selecting a preferred rail length for Clickfit EVO. With this option the calculator will calculate only with the preferred rail length. (Esdec) Q4-2023.
- It will be possible to calculate FlatFix Fusion in portrait. (Esdec) Q4-2023
- UK Annex will be added. (Esdec) Q4-2023
- New 60mm clamp will be available for ClickFit EVO. (Esdec) Q4-2023
- A new Trusshook will be available for broader application on tiled roofs. (Esdec) Q1-2024
- A Crosscoupler will be available for ClickFitF EVO. (Esdec) Q1-2024

BUG FIXES

- None related to API

PRICE LIST

Below the links to the price lists of this quarter (Q3) for Esdec and for CPX. In the next mailing we will share the Q4 price list with you

- [CPX Q4 price lists](#)

FEEDBACK

With these periodic updates we try to make it as easy as possible for you to set up your link with the Esdec calculator effectively and efficiently. And of course, we are also curious about your ongoing

feedback or suggestions for improving our API connection, communication and/or cooperation in general. You can do so by e-mail at niels.lubbers@enstall.com or by telephone at +31 (0)85 070 2000.

We hope to have informed you sufficiently with this.

PS is your colleague not on the mailing list of this newsletter? Send an email to marketing@esdec.com and we'll fix it.
